§ 8213. Conditional Reservation of Funds.

- (a) The Department will rate, rank and issue conditional reservations of funds for applications based on its review of all of the eligible activities for which funds are requested in the application. Rating scores for each of the factors set forth in Section 8212(b), (c) and (d) will be totaled by the Department. Those project applications which receive the minimum required number of points, as specified in 8212(d), and all eligible program applications will receive conditional reservations in the order in which they are ranked with the higher point score funded first. Once the set-aside has been achieved, all remaining applications will be funded based on their score relative to all other remaining applications.
- (b) In the case of a tied score, the application demonstrating the highest poverty level shall receive the higher ranking.
- (c) In the event there are insufficient funds to fund an applicant's whole program, the applicant may be offered the amount of funds available, provided it is sufficient to complete a portion of the application which, if evaluated separately, would have been awarded funds.
- (d) Applications shall be funded subject to the availability of funds.
